

Matt Bishop to spearhead Sharmans Seamsil and Delcote Sales Team

Itac's Delvemade division extends a very warm welcome to Matt Bishop, an old friend who has joined Sharmans as Business Development Manager.

This is a significant appointment as Matt carries with him so much hands on experience plus an excellent knowledge of the complete range of Delvemade products, marketed by H D Sharman.

His existing relationships with Delvemade specifiers and contractors are seen as key avenues for sales growth.

In his spare time, Matt supports Liverpool FC and enjoys holidays in New York.

'Bat Out of Hell' is his in car song of choice. He loves a good book, his favourite being whichever one his kids are most enjoying at the time.
