

Jordan Carrington is new on-site DGSA at Itac

Itac's Warehouse and Logistics Supervisor, Jordan Carrington, has recently qualified and gained certification to become the Dangerous Goods & Safety Advisor at Itac.

Jordan is now qualified to provide permanent advice and monitoring to ensure compliance with the carriage of dangerous goods under ADR regulations.

As company DGSA he will prepare an annual report for Itac to ensure all specified procedures are in place and adhered to.

Jordan joined Itac nine years ago as a process operator, winning promotion to Materials Controller in 2014, becoming Warehouse Manager and Logistic Supervisor in 2016.
